

HYCON HPP14 FLEX POWER PACK

PRODUCT FEATURES

HYCON HPP14 FLEX is our FLEX power pack high-runner. It is used mainly for contractors, rental, municipalities, supply companies etc.

From the front panel it is easy to adjust the flow between 20 and 30 lpm, which makes this power pack ideal for running all 20 and 30 lpm tools.

The perfect power source for high performance tools like breakers, cut-off saws, core drills, submersible pumps, ring saws and diamond chain saws.

HPP14 FLEX is very compact, has low weight, and is easy to transport in any vehicle. In addition it comes with integrated engine oil level safety switch.
